Webpage: https://leisberg.ee

Goal

Develop my IT skills and make new connections in the Industry.

Education

BACHELOR'S STUDIES | 2017 - 2020 | TALLINN UNIVERSITY OF TECHNOLOGY (TALTECH)

▪ Major: Informatics

SECONDARY EDUCATION| 2005 - 2017 | TALLINNA ÜHISGÜMNAASIUM

▪ Branch: Science

Work experience

CUSTOMER SERVICE | ADELOONE OÜ | 2015 (SUMMER)

▪ My job was to sell fruit and berries to customers.

CUSTOMER SERVICE | ADELOONE OÜ | 2016 (SUMMER)

▪ My job was to keep the cafe clean and restock the dishes.

BREAKFAST WAITRESS | RADISSON BLU HOTEL OLÜMPIA | 06.2017 – 10.2017

▪ My job was to provide perfect service to our clients. Provide them with coffee and take care of their well-being. I also kept the restaurant clean.

SOFTWARE DEVELOPER INTERNSHIP | ERICSSON EESTI AS | 06.2019 – 08.2019

▪ Full-Stack developer internship. My job was to develop a *cross-platform application* using Angular.js and .Net Core

JUNIOR SOFTWARE DEVELOPER | CGI EESTI AS | 12.2019 – 08.2020

▪ Front-End developer in a Energetics related project. My job was to help develop the user interface of our project using Vue framework.

JUNIOR QA SPECIALIST | WEBEXPERT OÜ | 10.2020 – 05.2021 (CONTRACT)

▪ I am currently working on one of the many projects in WebExpert. I do manual testing and speak to clients with our team lead. On the side I am learning automation testing on the side.

Achievements and projects

TALTECH SOFTWARE DEVELOPMENT CLUB LAPIKUD | 2017 - 2020

- Software development branch member
  - ✓ Developed my programming skills and hardware knowledge outside of school
- Event and Marketing branch member
  - ✓ I have a vision of how to organize big and small events
  - ✓ I have knowledge on how to market and find sponsors for different events
  - ✓ Laphack 2019, a hackathon by Lapikud, event organizer
- One of the mentors in Lapikud's mentoring program
  - ✓ Guiding new members to become part of our student organisation
  - ✓ Helping them learn programming

VOLUNTEER AT TALLINN OLD TOWN DAYS 2016 AND 2017 SUMMER

- Helped tourists and locals find events happening in the Old Town of Tallinn
- Helped organize events

Skills and Abilities

PROGRAMMING

- Vue.js
  - I am most comfortable with the Vue framework, because I have worked with it the longest. Experience is more than mediocre.
- Angular.js
  - I used Angular when I was an intern. Experience mediocre.
- TypeScript + JavaScript
- RXJS
- SASS+CSS
- Redux
- Java (+ Spring Boot)
  - I used Java in university the most out of all the other languages. Spring Boot was also tried while in university. Experience is elementary.
- C# (+ .Net Core 2.2+)
  - I used #C when I was an intern and got to write a small REST API. Experience elementary.
- Python
  - As my first programming language, I used this more to solve logic problems.
- SQL (+ PostgreSQL)
  - I have a pretty good understanding of SQL and have used PostgreSQL as a database. Experience mediocre.
- Prolog

OPERATING SYSTEMS

- Linux , Windows

COMMUNICATING

- I have worked in customer service for some time and thanks to that I have good skills in communication. I am very friendly and can find anything to talk about with anyone.

Languages

ESTONIAN
